Polytechnic School is a structural subdivision of [Konotop Institute](#) of [Sumy State University](#). The history of the educational establishment is longer than 100 years. Among the school famous people are the graduates of various years:

The pioneer of soviet locomotive constructing O.N. Shelest;

The principal locomotive designer A.M. Khrychukov;

Two-time Hero of socialist work A.K. Kimstach;

The Ukrainian state reward in the sphere of science and technique prize-winner V.I. Lyashenko;

The Soviet Union Heroes V.Y. Voronov and I.F. Balyuk;

The famous scientist in the sphere of metal constructions, steel bridges and girders O.V. Belyaev;

Famous contemporary writers and poets L.I. Smilyanskyi and Antonina Tsvid

Remarkable directors of the present time M.M. Golovatskyi, V.K. Odnodvoretz, I.M. Bandolya, and many others, whose path of life are connected with the school.

The studies are provided by 78 highly qualified teachers.

The Polytechnic School can be proud of the developed proprietary security: computer classrooms, the Internet access, multimedia devices, electronic library. The students have the possibility to train in the gym and sports grounds with modern sports equipment, and attend different sections and societies.

Choosing the speciality - that means choosing the way in life – use the studying experience of our graduates, who have been trained by our teachers for Ukraine and the world.
